Three quarters of women* in the United Kingdom say that the menopause has caused them to change their lives and more than half say it has had a negative impact on their lives.**

About the findings in this infographic: On behalf of the British Menopause Society, Edelman Intelligence conducted online interviews with 1,000 adults in the UK (698 women and 302 men) who were aged 45+ and either peri-menopausal, menopausal or post-menopausal or partners of those who are in a relationship with a woman who is either peri-menopausal, menopausal or post-menopausal, nationally representative of the online population in terms of regional spread.

---

* Either currently experiencing menopausal symptoms OR have experienced menopausal symptoms within the last ten years.
** Whose menopause symptoms strongly affected their life.
